This letter is to respond to the FEC's letter dated December 14th, 2004. The Schwartz campaign recognizes its oversight in failing to report three \$1,000 contributions through 48 Hour notices during the period preceding the November 2nd, 2004 General Election. The Schwartz campaign made a concerted effort to report \$1,000 contributions in a timely manner, and reported well over \$200,000 via 48 Hour notices. The campaign will continue to make every effort to report every \$1,000 contribution as required under the 48 Hour provisions.
